EduOmega Partner Zone

- A Unified partner program providing unparalleled opportunity for making incremental revenue.

Jan 2020

In today's world of stiff competition, Educational Institutes are looking for a complete digital solution provider rather than having to depend on multiple vendors. Our OEM partners are companies that may already have existing relationships with institutes / coaching / schools or wish to integrate EduOmega into their existing product solutions. By integrating with EduOmega, OEM partners are able to sell a complete offering to the institutes / schools that covers A to Z of the school's operations digitally. This drives up incremental revenue, margin and customer satisfaction for our OEM Partners.

Eg: You are a provider of Networking solutions or biometric hardware to the institute / school along with your limited software. You can easily integrate EduOmega with your biometric hardware so that all data shows up in EduOmega seamlessly and institutes / schools get a better experience overall.

As a member of the EduOmega Partner Zone, you will get:

- Partner Licenses of EduOmega with lifetime validity.
- Rights for Rebranding and Resale of EduOmega Licenses in your region.

- EduOmega Sales and Marketing collateral.
- Online product training for 10 man-hours.
- Customization Services for 10 man-hours.
- Exclusive hosted Demo of EduOmega with one year Validity.
- Exclusive hosted Mobile Apps of EduOmega with one year Validity.
- Any customization created for the first license can be applied to all future licenses free of cost.

We recognize that you're not well-served by a one-size-fits-all approach to a vendor-partner relationship. That's why EduOmega Partner Zone is a tiered program that enables partners of all types and sizes to succeed. As you continue to invest in EduOmega Partner Zone, you will be empowered by an increasing commitment from us in the form of sales incentives and dedicated support.

We provide 3 membership levels for our OEM Partners.

- **Revenue Sharing Package:**

Become EduOmega partner for free of cost, get training and become Public Representative of EduOmega

- **OEM Package 1:**

Become EduOmega partner by purchasing 20 Licenses of EduOmega for \$300 per license.

- **OEM Package 2:**

Become EduOmega partner by purchasing 5 Licenses of EduOmega for \$500 per license.

Join the community of hundreds of Educational Institutes all around the world.
